GENERAL NOTES:

- This survey does not purport to be a proposed tract split or replat, or any other subdivision plat as may be defined by city, county, or state law. The land owner is encouraged to check with the local planning/development authorities for proper siting/procedure before proceeding with this development.
- Every document of record reviewed and considered as part of this survey is noted herein. Only the documents noted herein were supplied to the surveyor.
- This plat represents an ALTA/NSPS Land Title Survey of the parcel recorded in Document Number 2015-27554 Official Public Records, of Denton County, Texas.
- The contractor must determine that proposed structures are clear of all boundary lines, easements, and meet building setback requirements before construction begins.
- Basin of Bearings: All bearings and distances shown herein are grid based on Texas State Plane Coordinate System, NAD83, North Central Zone.
- Basin of Elevation: NAVD83
- This survey is valid only if the drawing includes the seal and signature of the surveyor.
- This survey meets current Texas Standards of Practice for Property Boundary Surveys and Plats.
- No attempt was made to show building setback lines graphically on the survey. The assignment, location, or orientation of setbacks that impact the usage rights of the property are determined by the local governing jurisdictional agency. Setback dimensions will be based on the orientation of the buildings to be constructed as approved.
- Subsurface and environmental conditions were not examined nor considered a part of this survey.
- Underground utilities were located by visible above ground markings as marked by utility locators and shown herein as located by CEI Engineering Associates, Inc. survey field notes. All utility locations shown herein are approximate. All utilities may not have been marked/located by the appropriate locators. No excavation has taken place as of this date to determine the exact location of existing underground utilities shown on this survey.
- The contractor is advised to contact the 811 One-Call Center before any construction begins, depending on the state there is a possibility of a severe penalty for not making this call. Not all utility companies are members of the One-Call System. Therefore the contractor is advised to contact all non-members as well as the One-Call System.

INFORMATION ABOUT BROKERAGE SERVICES

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information on about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

AS AGENT FOR OWNER (SELLER/LANDLORD):

The broker becomes the property owner's agent through an agreement with the owner, usually in a written listening to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent.

AS AGENT FOR BUYER/TENANT: The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent.

AS AGENT FOR BOTH - INTERMEDIARY: To act as an intermediary between the parties the broker must first obtain the written agreement of each party

to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
 - that the owner will accept a price less than the written asking price;
 - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
 - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

AS SUBAGENT: A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.
